(included with all policies)

Exposure to HIV can occur in many ways e.g. through sexual transmission, blood transfusion, breastfeeding, sports injuries, etc.) The purpose of this product is to ensure that you and your family have full access to confidential HIV testing and treatment within the critical 72-hour window period after accidental exposure. This greatly reduces the possibility of becoming HIV positive.

What does this product offer?

- A 24-hour, 365 days per year care centre for HIV/AIDS information, advice and counselling
- 2 Blood tests and 2 consultations for sexual assault, trauma and potential exposure cases
- Anti-retroviral therapy
- The 'Morning After Pill'
- STI preventative medication (prophylaxis)
- A counselling benefit of R3 000 for the patient and immediate family after a sexual assault related incident
- A security benefit of R2 000 for reasonable security improvements after a sexual assault related incident
- Lifelong phone-in advice and counselling will be offered to the patient and doctor

In the event of accidental exposure, contact the care centre immediately on 0860 10 51 95
